Richmond, March 27, 1874.

CASES BEFORE THE UNITED STATES COMMIS-HONEB .- Mr. Herbert V. Graves, who resides in Hanover county near Green Bay, sented by Judge Alfred Morton, and the Government by Major W. F. Worthington, assistant district attorney. The evidence showed that in August, 1870, Mr. Graves filed in the collector's office at Richmond a bond in the penalty of \$1,000 to allow him to carry on the business of fruit distiller. To this bond were attached the names of Richard A. Woody and William T. Coghill as suretles, and W. T. Dickinson, Marcellus T. Dickinson, and Bernard B. Graves as witnesses to the signing of said names. Messrs. Woody and Coghill, put down as sureties, yesterday testified that the signatures on the bond were not theirs; but the witnesses admitted that the signatures pur-

them. The still was never really run by Graves but by Coghill, and having become indebted to the Government for taxes, suit was brought on the bond and the alleged sureagainst Graves for forgery. Coghill and Graves are brothers-in-law, and it appears that there is somewhat of a feud in the family. The commissioner decided to send the accused on for indictment by the United States grand jury at its April term. Bail was allowed in the sum of \$1,000, and Graves gave Joseph A. Walker and Jacob Cobn as sureties.

Julia Sterns, the colored woman arrested by Captain Frey on the charge of robbing the United States mail, on the plank-road between Fredericksburg and Orange Courthouse, on the 18th instant, was also arraigned before Commissioner Pleasants yesterday morning. Several witnesses were examined, on the same day, broken open and the contents loosely scattered near by; also, as to the accused having been seen in the vicinibreaking it open. "HOUSEKEEPER" OF HEALTH.-The liverbeing the great depurating or blood-cleansing organ of the system, set this great "housekeeper" of our bealth at work, and the feul corruptions which gender in the blood and rot out, as it were, the machinery of life, are gradually expelled from the system. For this purpose Dr. Prence's GOLDES MEDICAL DISCOVERY with very small daily doses of Dr. Pierce's Pleasant Purgative Prilets are pre-eminently the articles needed. They care every kind of humor from the worst scrofuls to the common pimple, blotch, or eruption. Great eating ulcers kindly heal under their mighty curative influence. Virulent blood poisons that lark in the system are by them robbed of their terrors, and by their persevering and somewhat protracted use he most minted systems may be completely renovated and built up anew.
